

Jorge, I've never mentioned Maicon. But, is he now the greatest? We're the previous managers wrong for not playing him more? Was the Mangala transfer a win win? Not every player is the greatest after a good match and/or spell. Let's wait and see. Sometimes they're not full time players for a reason. The best case scenario has happened in the CL Qualifiers. Porto defeat Lille and Bilbao defeat Napoli. Both France and Italy now have only two clubs in the CL. Let's hope draw is favorable.
